- B. Revisit the previously developed paving priority list p for possible action. **Joe Yatson** provided them some information regarding exactly what pulverize and pave means. There was much discussion regarding paving or not paving Isola. **Lyn** asked why they would pave the whole thing if the priority list only stated the last block. **Victoria** stated that was the Moapa TAB's recommendation list, which is send to Public Works and then Public Works decides what to pave. There is currently \$2.1M available for the roads and \$1.6M is estimated for the current projects. There was some discussion regarding paving other streets and Joe said he can provide estimates of cost for additional roadways and will do that at a future meeting. **Lyn** stated there are some that have been waiting for quite some time for paving – Red Cloud, for example. Tim asked Joe if the community could keep the pulverized material to use in other projects. He said they could find a place to store it if the County would leave it out there. Joe said he thought they could work something out. There was discussion regarding the size of the culverts under Henrie and if they could be improved when Henrie is paved. It was stated that many of the culverts under the road are clogged. There was discussion regarding where the paving on Henrie is going to end and the Board wondered if now is the time to extend the paving further. It was moved to pave Henrie beyond the current pavement end, but the item was tabled awaiting additional information. **MOVED AND SECONDED TO ONLY PAVE FROM ISOLA FROM PARENT TO LAWSON. UNANIMOUS.**

- D. Discuss a "Welcome to Moapa" sign – for possible action. **Tim** said he thinks this would be an eagle project but wondered about any funding available. **Lyn** stated that the County has a grant but you have to have the application in by May 1 and the money spent in June. **Victoria** explained how the grant works and that since the County's fiscal year ends June 30, it gets confusing at fiscal year-end to try to apply for grants. But they could apply beginning in July, they don't have to wait until next May. It was agreed that **Sally Wirth** would head up a Welcome to Moapa sign committee and they would have a contest to design the sign. **MOVED AND SECONDED. UNANIMOUS.**
- E. Discuss our request for fire abatement efforts – for possible action. No one from the Fire Department was at the meeting. The Board discussed some suggestions of what can be done, but decided to table to item until they can
